What I Know

- HTML
- CSS
- JavaScript

Experience

Of life since 1988.

Currently working as an independent Product Maker.

7 years as a *Front-end Engineer* at [Wingify](#), working primarily on [VWO](#).

- Designing architecture for frontend applications. Have worked with Vue & Angular 1.
- Designing clear and easy APIs for reusable components.
- Developing webpages that are performant & accessible.
- Working on developer experience so that fellow developers can give their best

Things I have created

- [CSSBattle](#)

First-ever CSS code-golfing game.

Co-Maker. Had 10K players in first 2 weeks of launch. Featured on [ProductHunt](#).

- **[Web Maker](#)**

First-ever offline and blazing fast frontend playground.

Featured on ProductHunt & Chrome Web Store, 50K+ active users on Chrome Web Store.

- **[Introduction to Web Accessibility](#)**

An interactive and practical introduction to Web Accessibility for everyone!

One of my attempts to spread awareness towards Web Accessibility.

- **[Hint.css](#)**

A very easy to use CSS-only tooltip library

7600+ stars on Github, Featured on [ProductHunt](#), Codrops & HackerNews.

- **[Tolks](#)**

A platform to easily create and share stories on the Internet.

Featured on ProductHunt

- **[Prototyp](#)**

App for quick and easy interaction prototyping based on Framer.js. Because FrameStudio was just on Mac.

Featured on ProductHunt
